2. Swim will be a mass beach start. Pro and elite athletes will be positioned in front of age group and relay participants.

7. No individual escorts or paddlers are allowed at any time during the swim.
8. Swimwear must not cover the neck, extend past the shoulder, or extend past the knees. Swimwear may contain a zipper. A race kit may be worn underneath swimwear. All tri-suits must be sleeveless and must not extend beyond the knees.
9. No wetsuits of any kind are allowed. Speed suits are allowed.
(The Ruling on Speed Suits: Speedsuit must be comprised of 100% textile material such as nylon or lycra and must not include rubberized material such as polyurethane or neoprene. The speedsuit may contain a zipper.)
10. A swimmer experiencing difficulty and in need of assistance shall raise an arm overhead, pump it up and down, and call or seek assistance. A swimmer, who has received assistance, whether voluntary or involuntary, must retire and withdraw from the remainder of the race, unless such assistance did not aid the swimmer in making forward progress. No swimmer shall return to the race if the official rendering assistance requests that the participant withdraws from the race or receives medical assistance.
11. Follow the instructions of race marshals and officials at all times.
12. There will be **NO** cut off time for the swim.

4. Shoes, shirt, and helmets must be worn at all times while on the bike course.

7. No riding inside transition at any time.

11. Always ride on the right side of the road. Over take on the left and return to the right as soon as it is safe to do so.
12. Passing Etiquette: Slower riders must yield to faster riders. Faster riders must clearly speak a passing command, “Bike!” or “On your left!” when overtaking, and overtaking must be done safely. If two racers are fighting for position, the leading rider need not give up position, but the leading rider may not interfere or impede another rider’s progress.

13. Outside assistance from a non-participant or spectator is not allowed at any time on the bike course. This means no receiving food, hydration, tools, or medical assistance from any person not directly involved in the event. 15. Participants may walk their bike if needed but cannot complete the course without their bike.

18. Short-cutting and/or cutting trail switchbacks or any part of the course is not permitted and may result in disqualification. A rider is required to stay on the designated trail that is marked and or specified as the racecourse. It is the rider's responsibility to know the designated racecourse. Lack of tape or barriers on the course will not constitute an excuse for cutting course violations.
19. Participants shall complete the entire bike course on the same mountain bike they started the bike leg on. Participants must enter transition using the same bike they left transition with to be allowed to continue the race. No bicycle parts may be left on the course.
20. Participants must give way to medical and emergency personnel at all times on the bike course regardless of their race standing.
21. Participants must complete the entire bike course unassisted. Failure to complete the course correctly will result in disqualification.

8. Respect local traffic rules and other vehicles on the road at all times.
9. Short-cutting and/or cutting trail switchbacks or any part of the course is not permitted and may result in disqualification. A runner is required to stay on the designated trail that is marked and or specified as the racecourse. It is the runner's responsibility to know the designated racecourse. Lack of tape or barrier on the course will not be constituted as an excuse for cutting course.
10. Runners must complete the entire run course unassisted. Failure to complete the course correctly will result in disqualification.
11. There will be no run / finish line cut off time.
